sand a balance of \$35 a month with 6 per cent. The ground has a Boulevard frontage of \$2 feet and is \$50 feet deep. All the special street improvements are paid on this property. The Boulevard here is \$17 feet wide, and since the park bonds are carried it will be macadamized without expense to the property.

This is a fine proposition for a speculation or home. It can be made into two or more apartments, and on account of the large ground will adways make a good Rental property. This must be sold to close up the Forbes' estate, hence the low price and casy terms.

A country home in the city, with spendid opportunity for chickens, cow and a garden and only three blocks from fine car service in two more years the ground will positively be worth all that is asked for the house and ground now.

He also reported that the engineering department's attention has been called to the open sewer at Thirty-first and Sprague streets.
A resolution was submitted setting forth that as the school funds are not sufficient to provide for the construction of two or three needed school buildings,
